**PETITION FOR ACCEPTANCE OF UNINTENTIONALLY
DELAYED LATE CLAIM OF PRIORITY**

Pursuant to 37 C.F.R. § 1.78(a)(3), the Applicant requests that the Office accept the following amendment to his claim of priority, set out on page 1 of his application under "Cross-Reference to Related Applications":

This application claims priority on the basis of the filing dates of copending provisional U.S. Patent Application Serial No. 60/509,026, filed October 6, 2003, and is a continuation-in-part of nonprovisional U.S. Patent Application Serial No. 10/306,125, filed November 27, 2002, ~~the latter of~~ which in turn claims priority on the basis of provisional U.S. Patent Application Serial No. 60/370,372, filed April 5, 2002. The disclosures of these applications are incorporated by reference in their entirety.

The entire delay between the date the claim was due and the date this claim is being filed was unintentional. The Applicant intended to claim such priority in the application as filed, and in fact set out a priority claim to application Serial No. 10/306,125 in the cross-reference to related applications as originally filed. However, there was an inadvertent failure to specify the relationship between application Serial No. 10/306,125 and the instant application. This has been done in the requested amendment. The required fee is submitted herewith.

Respectfully submitted,

Gary Peterson, Reg. 28,891
